Good Supply and Quality Generally Good.

Cattle Steady With Moderate Offerings.

The Wichlita hog market yesterday was quoted as 5 cents lower, with a very good line of hogs offered and the quality generally good, and the prices paid for them the best that could be paid for the received grade of hogs, the markets at all the main receiving points being as they were. The receipts of hogs yesterday ngain displayed a heavy average and the bogs, both car lots and the local trade were heavier than was hoped for by the several buyers. The call for hogs has been for some time, medium and lights, and the heavy lard hogs which have been coming in the past week have received the best treatment in spite of the fact that lighter hogs would have been more velcome. The average weight yesterday was I bounds lighter than the average of the day previous, when the weight was higher than had been recorded in many months. At the same time the weight yesterday was plenty heavy enough, it averaging 244 pounds. The local market was strong in comparison with the re-ports sent out by the other western re-ceiving points. All of them gave out weaker and easier markets and this point was thoroughly in line with the rest of the western live stock markets. It was a very fair day, on the whole, and this market held its own with the rest at all points. There was a good line of re-celpts, both from the car shipments and the local and wagen trade, and all of them received the best prices according to their grade. Nine cars of hoge went over the scales and one, of light weight, sold without dockage at the top of the any. Seven more sold at the next best price, and one at the minimum of the sales for the day. It was a good day all around, and all the hops offered both from the car division and the wagen and local were disposed of at once, and at REPRESENTATIVE SALES.

Five Doses Stopped Her Trouble.

Irma, Crittenden Co., Ky., Jan. 31, 1899.

I want to let you know what your medicine has done for me. I had a had flooding spell and my husband thought I was going to die. I told him if he would get a bottle of Wine of Cardui, I believed it would cure me. He got a bottle, and I took five doses, and the trouble stopped. Since that time I have induced as many as twenty-five persons to use your medicine.

Mrs. Millikan's statement is a simple, straight-forward one. She "took five doses and the trouble stopped." That shows how Wine of Cardui does it's work. There is no mystery about the relief you get from this simple, vegetable remedy which regulates menstruation, relieves falling of the womb and "whites" and tones up the system generally. "Female troubles" mean racking headaches and backaches, bearing-down pains in the lower abdomen, and pains and generally. "Female troubles" mean racking headaches and backaches, bearing-down pains in the lower abdomen, and pains and aches in the lower limbs. No tongue can describe the sickness and suffering. It irritates the nerves, and the tension becomes agonizing. No wonder many women have given up hope. But every such sufferer should know that Wine of Cardui can reach her and give her relief. Mrs. Millikan's cure was as complete as it was sudden. Why not let Wine of Cardui begin to-day to make you well? Another day's delay is another day's needless and unnecessary suffering.

'TIS CHEAPER IN THE END-

At the end of the great Civil War there was many a poor soldier who came out of the smoke of battle without bruises, but with broken health on account of the hardships which he had gone through. Many of those who had escaped the bullets were just as badly wounded through stomach and digestive troubles brought on by camp life. A Justice of the Peace for Luzerne County, Pennsylvania, in relating his experience of years before, recently said: "I served four years in the Civil War, and spent ten months of that time in a Southern military prison in which, as is well known, the bill of fare was not high but rough, and which deranged my stomach and bowels to such an extent that I have been a continuous sufferer from indigestion and constipation ever since. I recently procured a box of Ripans Tabules and gave them a trial and was both pleased and surprised to find I could eat the most hearty food without inconvenience, which I have not been able to do for thirty years. I would not be without Ripans Tabules for many times their cost,
